

Speers Point House

Project Overview

Client: M & J Dillon
Completed: 2007
Value: \$113,190.00

PSA Architects were engaged to design an extension to the balcony space which in turn created undercover parking on the ground level. The project included new railings and footings to support and secure the new balcony. The extension to the balcony allows the owners to take full advantage of the stunning views of Lake Macquarie and provides a generous amount of outdoor living space.
